Kommander

Wireless presenter with integrated laser pointer

pcessentials

The **Kommander** Wireless Presenter is the ultimate tool to remotely start, manage and end all your presentations. The Kommander enables you to roam around the room while keeping control over your project proposals, trainings, slide shows and Power Point presentations. By adopting the latest 2.4 GHz wireless technology, you will enjoy reliable cordless connectivity, with virtually no lag or interference within a range of up to 50 feet. Ergonomically styled to comfortably fit in the palm of your hand, the presenter enables you to keep your audience engaged and focused on the most relevant points!
